

Vampire Horse - Tech Rider

Hi!

We are Chris & Zineb (Zee), Vampire Horse, a two piece post-electro-punk-hip-hop band... or something.

Most of the time we are on both on vocals with backing tracks, with Zee playing a glitchy oscillator.

Sometimes we have totally live tracks, using drum machines and keys.

Stage:

Its important that we are positioned behind the sound-system, so as to avoid feedback. Ideally there is no barrier between the stage and audience, so we can step into, and interact with the crowd.

Please Provide:

equipment	model	quantity		purpose
mic	Shure SM58	1		Zee vocals
mic stands		3		
wedge monitors		2		monitors
small table	roughly 80cmx80cm	1		
power sockets		6		

We Bring:

equipment	model	quantity	connection	purpose
mic	Shure 520DX 'Green Bullet'	1	6.35mm jack	Chris vocals
mic	lo-fi Red telephone	1	XLR	Chris/Zee vocals
various fx pedals				vocals
ipad & audio interface & midi controllers	Scarlett 4i4 (3rd gen)	1	6.35mm jack, x4	Main pre-mixed backing tracks
Glitch Oscillator 'Skull Machine'		1	goes to audio interface	Acid glitch - Zee
drum machine	Roland TR-6S	1	6.35mm jack, x2	Drums on some tracks - Zee
drum machine	Roland TR-06	1	6.35mm jack, x2	Drums on some tracks - Zee
